Next steps: Developing HTA for sustainable healthcare systems.

Perspective of developing countries

Joseph L. Mathew

The Next Steps…

1. **Long-term strategy**
    – Contextually appropriate, locally relevant HTA

2. **Medium-term strategy**

    – Sensitize stakeholders

    – Capacity and Capability building

3. **Short-term strategy**

    – *KNOW ESSENTIALS* algorithm

Sustaining health-care systems…

Problem

Solution

What do I do for this problem?

How do I use this technology?

Thank you
