Next steps: Developing HTA for sustainable healthcare systems.

Perspective of developing countries

Joseph L. Mathew
The Next Steps…

1. **Long-term strategy**
   - Contextually appropriate, locally relevant HTA

2. **Medium-term strategy**
   - Sensitize stakeholders
   - Capacity and Capability building

3. **Short-term strategy**
   - *KNOW ESSENTIALS* algorithm
Sustaining health-care systems…

What do I do for this problem?

Problem

Solution

How do I use this technology?
Thank you
