
Law, right to health and Evidence-based Medicine

Brazilian Cochrane Center
Conselho de Direito

Presenters

- Álvaro Nagib Atallah, chair
- Carlos E. Fontes Bartolomei
- Douglas H. Marin dos Santos
- Hércio de Abreu Dallari Jr.

Subjects we will address

1. Concept and limits of the right to health.
2. Evidence-based Policy and the Brazilian experience: Scientific evidence and the Ministry of Health
3. Evidence-Based Law: Legal decision-making can be purely scientific?
4. Evidence-Based Medicine and Law: safety parameters and management of scarce resources.
5. Judicialization and judicial activism: science as a parameter for legitimacy.

Concept and limits of the right to health.

- Carlos E. Fontes Bartolomei
